

AEROSPACE, DEFENCE & SECURITY EXPO ATLANTIC 2020

EXPO ATLANTIC | 2020

September 30 – October 1, 2020

08:00 – 16:30 Atlantic Daylight Time

A unique “virtual” experience

The Atlantic Canada Aerospace & Defence Association (ACADA), in partnership with the Government of Canada and the Atlantic provinces, are hosting **ADS Expo Atlantic 2020**, an endeavour to highlight the capabilities, strengths and challenges of the Atlantic Canadian Aerospace, Defence and Security industry as it transitions through and past COVID-19 challenges.

Atlantic Canada is the eastern most region in Canada with a collective population of 2.4 million and GDP totalling \$105.8-billion. In 2016 the Atlantic Canada Aerospace and Defence Association (ACADA) was incorporated bringing together 170+ broad and diverse Industry, Government, Academic and training partner organizations to solidify the Atlantic aerospace, defence and security brand domestically and globally. The regional ecosystem is very diversified, including specialization in Shipbuilding, Sensor Technologies, Maintenance, Repair & Overhaul (MRO), In-Service Support, Manufacturing, Cybersecurity, Training & Simulation and many other sub-sectors.

International delegates are offered complimentary delegate registration and competitive rates for a virtual booth targeting prospective Atlantic Canadian companies for potential joint ventures, R&D collaboration and supply chain engagement.

The Virtual Platform is currently being finalised and all participants will be informed of the technical requirements for participation and will have the opportunity to participate in pre-conference training in order to get the most benefit from engagement.

Conference highlights are scheduled to include:

- Virtual Trade Show Booths with opportunity to engage in real-time, with booth holders
- Industry Presentations including OEMS (both live streamed with Q&A and pre-recorded)
- Canadian Federal and Provincial Government Participation and Presentations (both live streamed with Q&A and pre-recorded)
- Panel presentation on Global Outlook and supply chain (live streamed)
- Workforce challenges in the Post COVID environment (live streamed)
- Opportunity for virtual one on one B2B/B2G Meetings in real time
- Networking (live and in real time)
- Speed Mentoring with Women in Aerospace Atlantic

International Delegates Complimentary

International Booth Competitive Rates
